Trinity Roofing

The Competitive Advantage

Why Warranty Matters

Over 100 Years of Combined Experience Behind Every Roof.

Trinity™ TOTAL HOME

IKO®

2 Companies
Back Your Roof

Most competitor warranties are built to limit payouts, not protect homeowners.

A local contractor's 25-year warranty depends on one person still being in business. Trinity's does not.

IKO Dynasty

Manufacturer Warranty

SHINGLE WARRANTY

Limited Lifetime for Defects

IRONCLAD PROTECTION

20 Years

Material, Labor & Disposal

WIND RESISTANCE

130 MPH

4 nails + IKO starter

IMPACT RATING

Cambridge is the entry-level premium product. Solid warranty, strong value. No 4-product system required.

Good / Better

Cambridge vs. Dynasty

FEATURE	CAMBRIDGE	DYNASTY
Shingle Warranty	Limited Lifetime	Limited Lifetime
IronClad Period	15 Years	20 Years
Wind (standard)	110 MPH — 4 nails	130 MPH — 4 nails
Wind (max)	130 MPH — 6 nails	Achieved at 4 nails
Nailing Strip	Standard	ArmourZone (IKO original)
Algae	No maintenance	No maintenance
Transfer Window	10 years	15 years (RoofPro)
Colors	8 options	12 high-definition
Trinity Craftsmanship	10 Years (CT)	25 Years

ArmourZone

Why 4 Nails Beats 6

The Counterintuitive Truth

Cambridge uses six nails; Dynasty only needs four. Customers may think Cambridge is more secure, but that's misleading.

Dynasty's ArmourZone features a reinforced band across each shingle, allowing for fewer fasteners while maintaining superior wind ratings.

Fewer nails mean fewer roof deck penetrations.

GAF's StrikeZone and OC's SureNail are imitations, IKO is the original innovator.

6
nails
Cambridge
130 MPH

4
nails
Dynasty
130 MPH

Same rating. ArmourZone does more with fewer holes.

Trinity Craftsmanship Warranty

Covers installation quality

Dynasty
25 Years

Cambridge
10 Years

Skylights (Trinity-installed)
10 Years
moisture infiltration

Low Slope / Flat
10 Years

If a repair requires solar panel R&R and Trinity caused the issue, there is no charge to the customer.

Transferable once to a buyer of the property. Customer always calls Trinity first, we handle everything.

Double Coverage

How a Claim Actually Works

1 Customer Calls

One call to Trinity.
That is it.

→

2 Trinity Assesses

Labor defect? Trinity owns it.
Material defect? IKO owns it.

→

3 Trinity Acts

Often resolves directly without waiting on IKO.

→

4 Trinity Files

Submits photos to IKO.
No inspection.
No homeowner involvement.

→

5 IKO Honors

Claim paid within warranty terms.
Reimbursement goes to Trinity.

Result: Two companies. One phone number. No runaround. No inspection. No claim denial games.

The Competition

What They Claim — and What You Get

GAF | Timberline HDZ	Owens Corning | Duration
Base Warranty Limited Lifetime + 10-yr Material & Labor	**Base Warranty** Limited Lifetime + 10-yr Material & Labor
Extended Option Gold Pledge — paid upgrade, heavy stipulations	**Extended Option** 25-Year — paid upgrade, many stipulations
Post-10yr Coverage Drops sharply — little actual benefit	**Post-10yr Coverage** Drops sharply — little actual benefit
Algae Protection 25 years — must prove cleaning every 2 years	**Algae Protection** StreakGuard — must prove cleaning every 2 yrs
Nailing Strip StrikeZone — copied from IKO ArmourZone	**Nailing Strip** SureNail — copied from IKO ArmourZone
Wind Coverage Stops at 15 years	**Transfer** After 10 yrs reverts to 2-year limited

The IKO Difference

True Square

3 bundles = exactly 100 sq ft.

Competitors: 3 bundles = 98.4 sq ft.

You buy more and get less.

ArmourZone — Original

IKO invented the reinforced nailing strip.

GAF and OC both copied it.

Only Dynasty has the real thing.

No-Nonsense Warranty

No maintenance requirements.

No hidden language.

No inspection to file a claim.

Vertically Integrated

IKO manufactures every component — shingles, underlayment, starter strips, ridge cap.

One standard. Total quality control.

Ceramic-coated granules prevent fading. True algae protection with no cleaning requirement, ever.

The Trinity Difference

Two Warranties. One Call.

Cambridge: 10-yr Trinity + 15-yr IKO IronClad

Dynasty: 25-yr Trinity + 20-yr IKO IronClad

32 Years in Business

Our warranty is backed by an institution, not a single contractor. We will be here when it matters.

24/7 Service

Phones answered around the clock.

Non-emergency response: 24-48 hours.

We Handle Everything

Customer calls Trinity. Trinity files with IKO.

Customer never deals with the manufacturer.

Competitive Quote Strategy

When they're getting other quotes — ask these before you leave

24/7 Service?

"Did you ask if service calls are answered 24/7?

Ours are."

Who's Doing the Work?

"Are they actually doing the roofing, are they manufacturer certified, to they have a direct relationship with the manufacturer for distribution and warranty claims?"

Dedicated Service Team?

"Do they have dedicated service people, or do they

come out when they don't have paying work scheduled?"

How Does a Claim Work?

"With Trinity, one call and we handle everything.

What's their process?"

Will That Warranty Last?

"If the owner is 55 today and gives you a 25-year warranty —

who honors it when he's 80? Trinity: 32 years in business."

Trinity
TOTAL HOME

Two Companies.
One Call.
Zero Runaround.

Over 100 years of combined experience behind every roof.
